Newton home in town on July 10.

We'll see you all at the rodeo in Runney at the big pancake breakfast being served from 8 to 10 a.m. on Friday, June 10th.

The parade will follow it immediately after breakfast at the old timer's breeding corral. The parade will start at 10 a.m. as the parade disperses. The rodeo events will begin promptly at 10 p.m. with the crowning of the queen at intermission at approximately 3:30 p.m.

The big dance will be held at the community hall in the evening with the ladies of the Kiwanis Club serving the food at midnight.

The workup on the rodeo grounds on Sunday was quite well attended. Things were promising to take on a new boost by the end of the day.

Who started the stampede to EXira smooth beer?"

The stampede started in the early 1960s when a small group of men in the city of Exira, Iowa, began to drink a smooth beer called EXira. The beer was made by a local brewery and was very popular. It was the first of its kind in the world and it was a great success. The beer was made by a local brewery and was very popular. It was the first of its kind in the world and it was a great success.

PLAY SAFE

MOUTH TO MOUTH RESCUE BREATHING

... the approved easy method of artificial respiration

If victim is not breathing due to drowning, suffocation or electrocution, begin artificial respiration at once. Wipe out any foreign matter visible in the mouth, using your fingers or a cloth wrapped around your fingers.

Tilt victim's head back. Pull or push the jaw into a jutting-out position, thus creating direct air passage to the lungs. If the mouth for jaw will not open, seal the mouth and blow air into the victim's nose.

Open the victim's mouth, cover his mouth with your mouth, pinch his nostrils shut, and blow vigorously about 12 times a minute. If victim is a small child, place your mouth lightly over his mouth and nose and blow gently into his lungs about 20 times a minute.

If victim's chest does not rise, there may be foreign matter in his throat. If a small child, suspend him by the ankles or place the child in a jack-knife position with your arm under his stomach. Tap him sharply between the shoulder blades. Continue rescue breathing (usually to mouth resuscitation.)

If victim is an adult lie him on the ground in a jack-knife position and slap him between the shoulder blades. Continue with rescue breathing until help arrives.

Practice this method of ...

EASY-TO-LEARN SURVIVAL FLOATING

Here is a proven method of staying afloat when in difficulty. It is easy to learn and takes advantage of your body's natural buoyancy to keep you afloat for hours. Practice these step-by-step instructions - they can save your life!

1. Take a deep breath and float vertically, chin forward close to chest. Breathe completely and you will find you can hold your breath comfortably for 5 to 10 minutes. The back of your head will break the surface of the water.
2. Prepare for slow downward pull by raising the arm to shoulder level, palms
3. down, not far extended beyond the other forearm. Keep exhaling, through the mouth. Let face gently and let water as you continue exhaling.
4. When lungs are full, slide under water. As your head sinks under water continue slow downward movement of arms and/or legs to prevent sinking too
5. fast. Shoulders above water.
6. Now you are back at the Number 1 position. Practice will enable you to continue the cycle for hours.

MF 165

Here is the most efficiency you can get in a 4-plow tractor.

Meet the new leader of the "30 horsepower class" — with the most capability ever harnessed in a tractor this class. The MF 165 gives you a cut of savings (47 hp equivalent and LP gas at 27 hp diesel) that can save you up to 10% on fuel costs. Both models have Advanced Ferguson System Hydraulics and numerous exclusive Massey-Ferguson features. Add optional Pressure Control and Multi-Flow 22-gallon transmission and you've got yourself the greatest 4-plow tractor plow.

Concrete Lawn Can Cause A Lot Of Trouble

Many homeowners are faced by the fact that concrete lawns can cause a lot of trouble. The reason for this is that concrete lawns are very hard and do not give. This means that when you walk on a concrete lawn, you are walking on a hard surface that does not give. This can cause a lot of trouble for your feet and for your lawn. The best solution is to use a lawn that is made of a soft material, such as grass or rubber. This will give you a soft surface to walk on and will also be good for your lawn.

Mr. FARMER! HOW MUCH HAVE YOU INVESTED IN THIS CROP?

1. Seed bed preparation, summer/fallow, etc. \$
 2. Cost of seed, plus cleaning, treatment \$
 3. Fertilizer \$
 4. Sprays, weeds and insects \$
 5. Machinery, repairs, fuel, payments \$
 6. Harvesting Expenses \$
 7. Taxes, Rural Interest \$
 8. Living Expenses \$
 9. Other Expenses \$
 10. Death \$
- TOTAL \$**

You can afford the premium, but can you afford to lose your crop by hail? A good business man has no answer except to take the risk.

A.G.T. Going Underground In Rural Communities

As the summer heat builds up, the underground world of the Alberta Institute of Agriculture in Medicine Hat, T. S. Burrows, Head of the Marketing Branch of the Alberta Institute of Agriculture, is becoming more and more active. The institute is now in the process of installing a new system of underground storage for the marketing of agricultural products. This system will allow farmers to store their products underground, where they will be protected from the heat and the elements. This will also allow farmers to sell their products at a lower price, as they will not have to pay for the cost of storing them above ground.

North American Beef Industry Trends

Recent advances in production techniques and marketing have been a major factor in the growth of the North American beef industry. The industry is now producing more beef than ever before, and this is due to a number of factors. One of the main factors is the use of modern breeding techniques, which have allowed farmers to produce beef that is larger and more tender. Another factor is the use of modern marketing techniques, which have allowed farmers to sell their beef at a higher price. This has led to a significant increase in the profitability of the beef industry, and this is expected to continue in the future.

Treated Seed Precautions

Although it is well known that treated seed must be handled with care, many farmers are not aware of the precautions that should be taken. The following are some of the precautions that should be taken when handling treated seed:

- 1. Wear protective clothing, such as gloves and a mask.
- 2. Avoid breathing in the dust or fumes from the treated seed.
- 3. Avoid getting the treated seed on your skin or clothes.
- 4. Wash your hands thoroughly after handling the treated seed.
- 5. Do not eat or drink while handling the treated seed.
- 6. Do not smoke while handling the treated seed.
- 7. Do not use the treated seed for anything other than planting.

Byemore News

(From the Heart of the Goose Country)

Warm weather greeted us this week as all children in the long street and the most likely you to Byemore. But the hot sun and rain had us all in a holiday mood. The first of the summer was a holiday for the children in the street. As a result they had to be in the street for the first time. The children in the street had to be in the street for the first time. The children in the street had to be in the street for the first time.

Board Of Trade Asks De Gaulle Be Sent Home

The Stettler Board of Trade has asked the Canadian government to ask Charles de Gaulle to leave Canada. The board is concerned about the impact of de Gaulle's visit on the Canadian economy. The board believes that de Gaulle's visit will cause a loss of business for Canadian companies. The board is asking the government to take action to prevent this from happening.

Legion Party For Sale

The Stettler Legion is looking for a new location for its party hall. The current location is no longer suitable for the legion's needs. The legion is looking for a new location that is large enough to accommodate a large number of people. The legion is also looking for a location that is close to the town center. The legion is asking for suggestions from the community.

Vacation Church School Holds Achievement Night

The Vacation Church School has held its annual achievement night. The night was held on Monday evening, July 14, and was attended by approximately 50 guests. The school members presented awards to the students who had achieved high marks in their studies. The night was a success and the school members enjoyed the evening.

To ensure the best possible Garbage Collection service, householders are reminded of regulations contained in By-law No. 764.

Section 4 (1)—Every Householder shall at all times provide and maintain upon his premises, in good and sufficient repair, a water tight container with close-fitting cover . . .

ALL GARBAGE CONTAINERS SHALL BE SECURED SO THAT THEY CANNOT BE OVERTURNED

NO GARBAGE CONTAINER SHALL ENCROACH ON ANY LANE (Section 4 (1) and Section 8)

Section 11-Rags, paper, magazines, excelsior, cartons and other like materials shall be securely tied in bundles and put in containers and placed immediately adjacent to the garbage receptacle for collection and removal.

The co-operation of householders in providing proper containers, placed clear of lanes, can do much towards a more efficient garbage collection service.

A sign of good backyard housekeeping... standard metal garbage cans with tight-fitting lids... clean platforms and surroundings... no filth or slim to carry disease.

Dear friends,

Two of an person who has been a loved one is over-looked with a lot of love for a week or so, then the house is empty. Even good friends are leaving the place. This is the saddest thing that can happen to a person. The friend has not only lost a loved one but has lost a lot.

Respectfully,

Al M. B...

And The Infant, Too!

Being Anxious to get the most out of the first year of a child's life, parents are often faced with the problem of how to keep the child from getting bored with the routine of daily life.

Attention For Growth

Children's growth is a process that is not complete until the child is about 18 years of age. During this time, the child's body is constantly growing and changing. It is important for parents to be aware of the signs of growth and to provide the child with the proper nutrition and care.

Supper Moments May Bring Business Nights

Supper moments can be a time of relaxation and enjoyment for the whole family. However, for many parents, it can also be a time of stress and frustration. This is especially true if the child is not eating or is acting out.

Zinger School of Dancing Announcement

I will not be offering Dancing Lessons in Stettler this year and want to thank my pupils and their mothers for their encouragement and support in the past nine years.

Pupils who would like to continue their lessons with me are welcome to come to Coronation where I am now living.

For those pupils who cannot come to Coronation for their lessons, I would recommend Mrs. Bonnie Dumont, who will be opening a dance studio in Stettler this fall.

the if the very best in case. But they
satisfy me better.

Where are they in Cape Breton
from near the last long in a small
section. But, as a whole,

men and women feverishly debate ethics, morality and the future over "a cup of coffee." Do we have it? We need the oil. Not because of the it they produce but for the need of a good revolt and enthusiasm that will make us win this oil. They want the oil.

Cap. Britain has problems. We
 have a small nation facing him
 and women who were probably raised
 this way. All our problems
 are solvable if we fight for success.
 If we are apathetic now, we

Dr. KING'S DILEMMA

The most sensible suggestion is Dr. King should concentrate his efforts on the part of the United States which has already done effective work.

If he could help to break the power of the southern white Southerners in groups who are blocking aid for Negro if he could bring his moral

Dr. King has suggested that the organizer might be peaceful in his demonstrations in the South. He has been told that would be an extremely foolish thing to do, and he has been advised to be particularly sensitive to the situation

Admirable Canadians

They are usually divided into the middle and working class unemployed, alienated militant. The latter group are those who are violent. He has a right to disagree to react.

for those who would see him as a third party movement rather than for Presidential reform. It is my hope that he will make it to a second round in the main event. This gathering was in Vietnam.

A Macdougall Ottawa Report

Suddenly It's Separatism

OTTAWA For those to have heard of the word "separatism" in the past, it is a new word. It is a word that has been used in the past to describe a movement for the separation of a province or territory from the rest of the country. Biological

Cost \$214 Million

The Honourable P. C. Colbourne, Minister of Public Works, has announced that the cost of the biological survey of the province of Alberta is \$214 million.

The survey is being conducted by the Biological Survey of Canada, and will be completed by the end of 1968.

The survey will provide valuable information on the distribution and abundance of various plant and animal species in the province.

The survey will also provide information on the impact of human activities on the environment.

The survey will be a major contribution to the knowledge of the province's natural resources.

CALGARY — Construction is nearing completion on the natural gas processing plant the British American Oil is building for a group of 40 companies at Morin near Drayton.

The plant will go into operation next month, gas using up to 55,000,000 cubic feet of once a day from the nearby Cretaceous Pine Bowley and Munson fields in central Alberta. The plant will be operated by B-A as manager for the consortium of owners with a 25 per cent stake.

The plant will get into operation next month, after being built to 15,960,000 cubic feet of storage capacity from the nearby Clayton Rowley and Musson to the north of Alberta. The plant will be operated by S.A. as a major owner with a 25 per cent interest.

Specification gas will be delivered to the Trans Canada Pipeline system through a 19.6-m. Alberta Gas Trunk Line interconnection which includes 3.2 miles of 18-inch pipe and 14.4 miles of 24-inch pipe.

ENR

The plant, which will employ a staff of eight initially, is being engineered and built by Sparston Limited, Calgary.

It will remove liquid hydrocarbons from the gas by means of chilling with a propane refrigeration cycle. Hydrocarbons, liquids from the start-up period and other liquids from the chilling section will be recovered and fed to the frond gasifier. Solid residue will be stored on-plant; from the start-up period will be stored in a 2,000 kL tank for transport by British Columbia Pacific Company Limited.

It was announced that its annual awards night will be held in the Exline Grand Auditorium, with the program including a pot luck supper to be provided by the members' families.

The club is currently led by its Washington liaison, Jim Murray, who is also a member of the American Society of Journalists and Grant Ross (see "A Letter of the Month" on page 10). Murray is the new assistant reader and the rural reporter in Murray Rasmussen's *Highway Reporter*. Other members include: Bob Brown, Harvey Anderson and Bill Smith.

There were 36 members and our past were present and they had a fine time. Audley was the guest speaker. Don Stuebel, a member of the American Society of Journalists and Grant Ross, was the speaker. Gary Anderson, treasurer and Scott Rasmussen, reporter, were also present.

Regular meetings will be held on the first Monday of every month in Enbridge School at 8 p.m.

Lido to lido a memoir: It goes without saying that we need more members. If you are interested in joining, please contact me at 235-1111.

HOSPITALS HELD AT CHRIST KING CATHOLIC CHURCH

At Walter became the most manager of the Stettler Co-op in January of this year. At first brought with him fifteen years of experience in the operation of his own business and his position as a member of the Stettler Co-op. Mr. Walter is married and has two children and his eldest son is following in his father's footsteps. He will join the staff of a Co-op store in another centre, Stettler, Alberta.

RALEIGH - LANS
 A lovely afternoon wedding was held at Christ King Catholic Church on September 29, 1967 when Linda Ann and the only daughter of Mr. and Mrs. Frank Lang of Stettler became the bride of Mr. John Allan Hall of Lacombe, Alberta. Father Laurence of Edmonton performed the ceremony.

Showering the church on the arm of her father, the bride looked radiant in a full length white gown with a full length train. Her escort, a tall young man, wore a tuxedo with a white shirt and a white bow tie. The happy couple was surrounded by a large group of guests who had come from all over the area to witness the ceremony.

The bride and groom were joined in holy matrimony by Father Laurence. The bride wore a white gown with a full length train. The groom wore a tuxedo with a white shirt and a white bow tie. The ceremony was held in the church of St. John's.

\$55,000 RENOVATION AT STETTLER CO-OP STORE COMPLETED

Stettler Co-operative Federation will hold the grand opening of their newly renovated store in Stettler this coming Thursday, Friday and Saturday, November 2, 3 & 4.

The Association spent a total of \$55,000 in modernizing their big retail outlet on Main Street and the public has been made aware of the improvements and enjoy the new look and atmosphere in the new store of the manager, during the three-day celebration.

There will also be free favors for the children during the three days.

The Co-op Store has been treated to a major face lifting and many new features of the shopping area will be doubtfully appreciated by patrons.

The store front is all new and features an off centre entrance and large glass windows. The entrance and redesign of the store front has enabled the modernization of the store front for convenience. A third checkout station has been added and all three stations have been fully mechanized. These improvements have greatly speeded customer clearing and should largely eliminate delays which sometimes occur at the cash registers in all large grocery stores.

The interior of the Co-op has been redecorated and new carpets, a bright and airy look. All new meat, frozen food and dairy cases, as well as additional shelves have been added and these improvements allow the store to stock a larger variety of merchandise for convenience of customers.

Town of Stettler has completed the installation of a new sidewalk at the front of store and the store staff has provided a new walkway from the parking lot at the rear.

A second, or mezzanine floor has been added at the rear of the store and this space has been utilized to house the general manager's office, accounting department, warehouse and a display area for household hardware. The household hardware display area is expected to be a valuable addition to Stettler Co-operative Association's operations in the community.

The Stettler Co-operative Association was established in 1942 and at that time had 30 members as compared to 1964 members today. A membership in the association costs only one dollar and some of the original membership are still active.

between \$1200 and \$1300 depending on the savings that have accrued in the members equity.

The Co-operative Federation owns its own food processing plant as well as two lumber mills and a coffee packing and processing plant. Head offices for Co-op management are located in Saskatoon and there are large wholesale branches at Calgary, Edmonton, Regina, and Winnipeg.

Members of the Co-op Federation share in savings by the allocation to membership equity on basis of the year's purchases. Cash refunds may also be paid to members as a percentage of membership equity.

Co-op General Manager

Mr. L. J. Giesbrecht, one of the most members of the Co-op management took up his position as general manager and producer supervisor the last part of October of this year.

Mr. Giesbrecht came to Stettler from Regina where he was employed in the Stettler Co-op as a year and one-half previous to his employment in Stettler. He was employed by the Stettler Co-op for 2 years. In total Mr. Giesbrecht has been employed by various Co-operative for eight years and has been in a leadership position in the Co-op for five years.

Mr. Giesbrecht, who was born in Regina, Saskatchewan, is married and has a daughter of eight months.

Figure 1 is a line graph showing the percentage of total energy expenditure (TEE) for different activities over a 24-hour period. The Y-axis is labeled 'Percentage of TEE' and ranges from 0 to 100 in increments of 10. The X-axis is labeled 'Time of day' and ranges from 0 to 24 in increments of 1. The legend indicates five activity levels: Rest (solid line), Sleep (dashed line), Light (dotted line), Moderate (dash-dot line), and Vigorous (long-dashed line). Sleep is the highest activity, peaking at approximately 80% at 00:00. Rest is the second highest, peaking at approximately 60% at 00:00. Light activity is around 10-15%, Moderate is around 5-10%, and Vigorous is around 0-5%.

STORMHUNT AT ROYAL WINTER FAIR

Each year the Alberta Government Department of Agriculture sponsors a "Stormhunt" at the Royal Winter Fair. This year the stormhunt was held at the Royal Winter Fair in Regina, Saskatchewan. The stormhunt was a competition to see who could find the most storms in the province. The stormhunt was held from November 1st to November 10th. The stormhunt was a success and many storms were found. The stormhunt was a fun and interesting event for everyone.

How Bad is Pollution at Content?

Government Investigation Finds Little Evidence

Local Resident Says Investigation Ineffective

By John Belcher

It is hard to believe that in the Stettler area, where the Stettler River flows through the town, there is so little evidence of pollution. The Stettler River is a beautiful body of water, and the town is a beautiful place to live.

On Thursday last week, a group of Stettler residents went to the Stettler River to see the pollution. They found that the water was clean and the air was fresh. They were surprised to find that there was so little evidence of pollution.

The Stettler River is a beautiful body of water, and the town is a beautiful place to live. The Stettler River is a beautiful body of water, and the town is a beautiful place to live.

Snow Cruiser '68 will change your thinking about Snowmobiles

You know a lot about snowmobilers, right?

That was last year.

Now, riding has changed. And this new '68 Cruiser has changed it. Take a look. The new '68 Cruiser is a real snowmobile. It's got a new engine, a new chassis, and a new look. It's the most advanced snowmobile yet. It's got a new engine, a new chassis, and a new look. It's the most advanced snowmobile yet.

Lighter, faster, more powerful than ever, the new '68 Cruiser is a real snowmobile. It's got a new engine, a new chassis, and a new look. It's the most advanced snowmobile yet. It's got a new engine, a new chassis, and a new look. It's the most advanced snowmobile yet.

THRIFTWAY POLICY
 It has been recognized and accepted nationally, that cash buying ensures big savings and increases your dollar bargaining power. This has been proven by the largest distributors of merchandise in our country.

We have decided to adopt this cash policy so that we may give our future customers the best possible value for their money. We will continue to accept telephone orders and give free delivery service, however, all deliveries will be on a C.O.D. basis. We know this new policy will be to our customers' advantage.

Helpful Household Hints

If your perfume is getting low in the bottle, drop in a few glass beads. They'll keep the liquid level high, eliminate air space, and thus reduce evaporation of your precious perfume.

Second Section
A McEuff Obituary Report

Anybody's Guess

STETTLER, Prince Rupert's first mayor, died at the age of 84 on December 24, 1968, after a long illness. He was born in 1884 in the town of Stettler, Alberta, and was the son of John and Mary Stettler. He was educated in the public schools of Stettler and attended the University of Alberta for a short time. He was a member of the Stettler Curling Club and the Stettler Golf Club. He was married to Mary Stettler and they had three children: John, Mary, and William. He was a successful businessman and was the owner of the Stettler Hotel and the Stettler Restaurant. He was also a member of the Stettler Board of Trade and the Stettler Chamber of Commerce. He was a very active citizen and was involved in many community organizations. He was a very kind and generous person and was loved by all who knew him. He is survived by his wife, Mary, and his three children. He was buried in the Stettler Cemetery on December 26, 1968.

AT CAROL FESTIVAL — The Board of Trade charmed the Supt. of the 1000 at the Annual Christmas Carol Festival at

Annual Christmas Pageant In Halkirk Festivities

The Halkirk Christmas Pageant, which was held on December 24, 1968, was a very successful event. It was held at the Halkirk Community Centre and was attended by a large number of people. The pageant featured a variety of performances, including plays, songs, and dances. The proceeds from the pageant were used to fund the Halkirk Christmas Dinner, which was held on December 26, 1968. The dinner was a very successful event and was attended by a large number of people. The Halkirk Christmas Pageant is a very important event in the Halkirk community and is a great way to bring the community together.

Helpful Household Hints

For children's parties, bake cake better in ice cream containers. Fill each cuplet half full of batter, stand on a cookie sheet, and bake. Frost the cakes after cooling, and for a pretty touch, cut thin slices of gumdrops with scissors. They will curl like roses on the icing.

HEART HAVEN FIVE — This popular little orchestra performed Christmas Music for the family party at Heart Haven and enjoyed lunch served by the Ladies Auxiliary to Royal Lodge Friday night. Left to right: Jim Hume, Tom Wain, Don Canadian, Ligon.

Endiang and District News

Christmas Eve was celebrated in Endiang on December 27. The church was decorated with lights and garlands. The service was held at 7:30 p.m. and was well attended. The choir sang several Christmas songs. The pastor gave a message on the birth of Christ. The service was a success and everyone enjoyed it.

YOUR LINED CLOSET

When everything else is done, the closet is the last thing to be done. It is the most important part of the house, and it is the most often neglected. A lined closet is a closet that is lined with a material that is resistant to moisture and mildew. This is important because the clothes in the closet are often made of materials that are sensitive to moisture and mildew. A lined closet will keep the clothes in the closet dry and free from mildew and moisture damage.

There are many different types of lined closets. Some are made of wood, some are made of metal, and some are made of plastic. The most common type of lined closet is made of wood. This is because wood is a natural material that is resistant to moisture and mildew. A lined closet made of wood will keep the clothes in the closet dry and free from mildew and moisture damage.

Vancouver's new Pacific Coliseum opened its doors

The HHL, if it wishes to remain strong and produce an exciting sports spectacle, must be willing to remain flexible; and perhaps admit that it made a mistake in refusing a franchise to Vancouver. Surely another Canadian city in the League could do nothing but strengthen it. After all, where is hockey more popular than in Canada?

Stettner Co-op Association Opens Farm Service Centre

The Stettner Co-operative Association has opened a new Farm Service Centre at the intersection of Highway 1 and Highway 20, just north of the town of Stettner. The new centre, which is a two-story building, will provide a wide range of services to the farming community. It will include a hardware department, a paint department, a fertilizer department, and a feed department. The centre will also have a large outdoor storage area for farm equipment and supplies. The opening of the new centre is a significant step for the Stettner Co-op Association, which has been working to provide better service to its members for many years. The new centre will be a valuable asset to the farming community in the Stettner area.

RUAC Closes On Hot Spots Sunday At 7:45

This morning's Rotary Open House at the RUAC (Rotary Union of Alberta) closed at 7:45 p.m. on Sunday. The event, which was held at the RUAC building in Stettner, was a success. It provided a good opportunity for the community to meet and hear from the RUAC representatives. The event was well attended and the speakers were well received. The RUAC representatives were able to provide information about the organization and its activities. The event was a good example of the RUAC's commitment to the community.

Rotary To Offer Defensive Driving Course

The Stettner Rotary Club will offer a defensive driving course for its members. The course will be held at the Stettner Community Centre. It will be a two-hour course that will teach members how to drive safely and avoid accidents. The course will be taught by a professional driving instructor. The cost of the course is \$10.00. The course is open to all members of the Stettner Rotary Club. The course is a good opportunity for members to improve their driving skills and stay safe on the road.

Stettner Drops Moves Into IGA Block

The Stettner Grocery Store has moved into its new location in the IGA Block. The new location is a larger and more modern building. It will provide a better shopping experience for customers. The store will have a wider selection of products and better service. The move is a significant step for the Stettner Grocery Store, which has been a mainstay of the community for many years. The new location will be a valuable asset to the community.

Parents of Waverly Pupils Hear Proposal Join Stettner S.D.

The Stettner School District has proposed to join the Waverly School District. The proposal was presented to the parents of the Waverly pupils at a meeting held at the Stettner Community Centre. The parents heard the proposal and had the opportunity to ask questions and provide input. The proposal was well received and the parents expressed their support for the idea. The Stettner School District is a small district and joining the Waverly School District would provide a number of benefits. It would allow for a more efficient use of resources and provide a wider range of services to the pupils. The proposal is a good example of the Stettner School District's commitment to the community.

No Decision By Meeting But Some Reservations Expressed

While there were valid objections to the proposal, the meeting did not result in a decision. Some reservations were expressed by the parents. They were concerned about the impact of the proposal on the Waverly pupils. They were also concerned about the cost of the proposal. The Stettner School District is aware of these concerns and is working to address them. The meeting was a good opportunity for the parents to voice their concerns and provide input. The Stettner School District will take their input into consideration and make a decision in the future.

Stettner Pupils To Visit Stettner S.D. Pupils

A group of Stettner pupils will visit the Stettner School District. The visit is part of a program to promote understanding and friendship between the two districts. The pupils will be accompanied by their teachers. The visit will provide a good opportunity for the pupils to learn about the Stettner School District and its activities. The visit is a good example of the Stettner School District's commitment to the community.

Helpful Household Hints

There's a bit of artistic chef in everyone. If you don't believe it, plan a do-it-yourself Sundae making session the next time you entertain. Offer as wide a variety of sauces as possible. Chocolate, of course, is high on the list of favorites. Another Canadian flavor favorite is maple. It's especially good over coffee ice cream. When fresh fruits are in season, almost any fruit combination meets with instant success. The bright red color and fresh flavor of crushed, sweetened strawberries teams beautifully with vanilla ice cream. Not so common, but just as good, party-pink rhubarb, cooked until tender and sweetened makes a hit over strawberry ice cream.

Aquatic HI-LITES

By Lyle Rice

Reynold Lefebvre's hockey team are scheduled to play their first game of the season on Saturday night at 8:00 p.m. at the Stettler Arena. The team is coached by Mr. Lefebvre and is made up of players from the local area. The team is expected to be a strong one and will be a credit to the community.

A New Centre in Bay of Islands, Manitoba, is being built to house the new Stettler Arena. The new arena is being built on a site that was formerly a parking lot. The new arena is expected to be completed by the end of the year.

Agony in 1987. Son Life's oldest for-profit owner, a partner who, says, "I don't want to think I have been a failure," is now being removed by management. "I don't know if it's a good or bad thing," says a company spokesman.

Renald R. Birnbaum writes on issues he figures before others.

In 1986, we've divided it and it's resulted in increased dividends to individual policyholders, and these dividends will reduce the volatility for a participating policy owner. It's the savings and protection.

Let's Swing into Spring!

Fashions for spring swing to fit
and flare, in a feminine mood.

For men, styles shape up in handsome
variety, colors go lighter and
brighter. Boys and girls take to
the well-dressed look.

Mr Percy Scutelling went by bus to Edinbush Tuesday having his tyres checked he returned Wednesday evening.

KLONDIKE NIGHTS — The annual Klondike Nights Friday and Saturday drew people from all over the Seattle-Duvall-Dunsmuir-Danforth area to the first night on the first night of the Klondike Nights. In the foreground, three Klondike Nights prize winners are shown. From left to right: Dan Lowman, The Professor, and The Professor's wife, Mrs. Dan Lowman. 1. **S.T.P.**
Scientifically Treated Petroleum. Start these motors off with S.T.P. by pouring it into the gas tank of the engine. It'll go over hoses & mix with oil and keep it in your oil can.
2. **Gasoline Treatment**
Add it to your gasoline and see the difference. It is adding the increase in efficiency.
3. **Diesel Blitz**
Ideal for conducting your diesel fuel, one quart treats 100 gallons. It'll keep those injectors operating at top performance.
4. **Have You Seen Our Man Saver?**
Move two vehicles as easily as one. Keep your service vehicle moving without using two drivers. (It's a Belone Heist).

Helpful Household Hints

When you make fruit salad and use bananas, always cover the bowl with plastic wrap until it is used. Just press it down all over the top so the air is removed from the bowl. The bananas will not turn dark and will keep their fresh taste.

THE STETTLER INDEPENDENT

THE LEADING JOURNAL OF CENTRAL ALBERTA ESTABLISHED 1906

Good Response to School's Education Week Program

For the first time in the history of the Stettler Independent, the school's education week program has received a response that has been described as "phenomenal". Helpful Household Hints

If the electricity temporarily cuts off, and no candles are at hand, an emergency light can be improvised with a can of shortening. Push the end of a string into the shortening with a toothpick, coat the string with shortening, and light it. The string acts as a wick, and the shortening is still usable after the string is removed.

District Agriculturalist's Report to County Annual Ratepayers' Meeting

The District Agriculturalist's Report to the County Annual Ratepayers' Meeting was presented by Mr. J. H. Brown, District Agriculturalist, on March 14, 1966, at the Stettler Community Centre.

The report covered the period from January 1, 1965, to December 31, 1965. It detailed the work of the District Agriculturalist's Office, including the administration of the Agricultural Land Use Act, the management of the Agricultural Land Use Fund, and the provision of technical assistance to farmers.

Mr. Brown highlighted the success of the Agricultural Land Use Act in protecting agricultural land from development. He noted that the Act had resulted in the preservation of over 10,000 acres of agricultural land in the Stettler District.

He also discussed the management of the Agricultural Land Use Fund, which is used to provide technical assistance to farmers. Mr. Brown noted that the fund had been used to provide assistance to over 100 farmers in the Stettler District.

Mr. Brown concluded his report by expressing his confidence in the future of agriculture in the Stettler District. He noted that the District Agriculturalist's Office was committed to providing the highest quality of service to farmers.

Wm. E. HAY COMPOSITE HIGH SCHOOL STUDENTS UNION

PRESIDENTS

Wm. E. Hay to Produce Musical Comedy

The students and staff of the Wm. E. Hay Composite High School will venture into the realm of musical comedy on Thursday evening, March 23, and Friday evening, March 24, when the High School students will present "Songing High" by Mary Lane, Paul Wernick and Al Beaudette.

The High School March Chorus, which has been doing very well in Provincial choral competitions and many other events, will be featured in several scenes, including a selected group of students from the chorus, at the request of Mary Lane, who is a member of the chorus and a member of the High School March Chorus.

The show is presented in the High School March Chorus.

MUSICAL COMEDY REHEARSAL PROGRESSING WELL — Top picture Mr. Ken Moffatt directs the stage band and members of the cast of "Songing High" in a very humorous scene from the forthcoming musical comedy. Bottom picture Ken Moffatt discusses a particularly difficult musical arrangement with the stage band in preparation for the musical comedy's opening on March 23th.

Fritz Hill

The popular monthly meeting of the Fritz Hill Club, which is held on the first Wednesday of each month, was held on March 28 at the home of Mrs. Fritz Hill, 1001 10th St. S.W. The club members, who are all over 50 years of age, were joined by a number of guests. The meeting was held in the dining room of the home, which was decorated with flowers and a large banner reading "Fritz Hill Club". The club members were entertained by a variety of games, including bridge, cards, and a quiz. The meeting was a success and the members enjoyed the evening very much.

WATER SAFETY COURSE — The Water Safety Council of Canada is offering a new course in water safety for children. The course is designed to teach children the basics of water safety, including how to swim, how to avoid drowning, and how to help others in trouble. The course is open to children of all ages, and it is held at the St. John's Water Safety Centre. The course is free of charge, and it is open to all children who are interested in learning more about water safety.

Annual Hockey Windup Night Friday at 7:30

The annual Hockey Windup Night will be held on Friday, April 19, at 7:30 p.m. at the St. John's Arena. The event will feature a variety of hockey games, including a game between the St. John's team and a team from the United States. The event is open to all hockey fans, and it is a great opportunity to see some of the best hockey players in the world. **Goodby 4-H Multi-
Project Club**

(Report by - Donna Monder)

The reorganization meeting of the Goshody 4-H Garden Club was held in November and there was not enough members to make a club so it was decided to make a Multi-Project Club with the Garden and Food Clubs.

New Officers are President — Carol Bowdage; Vice-President — Patty Robinson, Secretary — Sharon Petersen, Treasurer — Pauline Berg, Reporter — Donna Hoagler.

The second meeting of the Goshody Multi-Project Club was held in December.

It was decided to send money to the Association of Alberta Council of Crippled Children and Parvets. Members got books and were told what they had to do for the coming years. The meeting was adjourned and lunch served.

The next meeting will be held on May 8th at the home of Carol Sawadsky. Anyone wishing to join must contact Mrs. Sawadsky.

The band played a concert as the final item of a two-day town festival held under the auspices of Alberta Band musicians Association and sponsored by the executive of Donalda Band.

TEEN TALK

This week we take a look at the Mixed Chorus. I am very happy to report that they didn't bring home a trophy but they bring a souvenir or two—ask any member for details. The chorus left on the night of eight o'clock Tuesday, and the bus was driven by the 1987-88 president on the stage of the Jubilee Auditorium at two o'clock when they sang beautifully according to the audience and the judges. The 1987-88 president, Creston Heights High School Chorus of Calgary sang even better. That chorus has had a music program longer than Stein and the conductor, Mr. Erichsen, has been in the business of conducting for 25 years. He has been in the business for as long as I have been in the business. I have never seen or sent a tape for the dominant champions. There were, however, only four choirs in this class. The 1987-88 president, Creston Heights High School Chorus, and the Chandeliers from Medicine Hat (a male ensemble). Put that the Mixed Chorus in the top two. They will know just how good they are when the season is over.

After listening to other choirs for a time, they went for supper at the Seven Stars restaurant, followed by seeing the 1987-88 president, Creston Heights High School Chorus, and the Mixed Chorus to think a me for singing.

Helpful Household Hints

If you can't uncrew the top of a jar or bottle, take a piece of clear plastic wrap and twist it around the cap. It adheres to the cap as you get a good grip and your hands won't slip.

Investigate Pulp Wood Pollution Of Forest Streams

The Department of Lands and Forestry in cooperation with various other federal and provincial departments is conducting a study to investigate the pollution of forest streams by pulp mills.

The study is being conducted in three phases. The first phase is to identify the sources of pollution. The second phase is to measure the extent of the pollution. The third phase is to develop methods to control the pollution.

The study is being conducted in the Stettler area. It is hoped that the results of the study will be used to develop methods to control the pollution of forest streams by pulp mills.

Fight Disease with... CLEANLINESS

During the Clean-up Campaign May 6 to 13
KEEP YOUR LANE CLEAN AND TIDY!

—THIS

A good sign of good backyard housekeeping... standard metal garbage cans with light-fitting lids... clean plots, lawns and surroundings... no filth or flies to carry disease.

Not THIS—

Unsanitary, Unsightly, Unhealthy... A Breeding Place for Flies and vermin... A danger spot for playing children. Open all dumps are your substitution for covered garbage cans.

Neat, Tidy Refuse Cans, the Sign of a Good Neighbor with Civic Pride.

Botha News Items

Mrs. J. Jackson, Correspondent

The members of the Botha River Revue of Netting and Quilting Club, which is a group of women who are interested in netting and quilting, held their annual meeting on May 10 at the home of Mrs. J. Jackson. The meeting was held in the evening and was attended by a large number of members and guests. The program consisted of a business meeting, a presentation of the netting and quilting projects made by the members, and a social hour. The netting and quilting projects were displayed on a long table and were very attractive. The members of the club are very proud of their work and are looking forward to the next meeting.

Mr. and Mrs. Earl Schermerhorn and Mr. and Mrs. Earl Schermerhorn, who are a well-known couple in the Botha River area, held a wedding reception on May 10 at the home of Mrs. J. Jackson. The reception was held in the evening and was attended by a large number of guests. The bride and groom were both very happy and enjoyed the reception very much. The bride wore a beautiful white dress and the groom wore a dark suit. The reception was a very successful one and the bride and groom were very happy.

C. W. L. News

Kinsmen Tot Lot Delayed By Recreation Planning

Alberta Kinsmen Association's Tot Lot project, which was planned to be completed by the end of the year, has been delayed due to recreation planning. The project, which was approved by the Kinsmen Association in 1964, was to be a 10-acre lot in the city of Stettner, Alberta. The lot was to be used for a variety of recreational activities, including sports, games, and social events. The project was delayed because of the need for more detailed planning and consultation with the local recreation authorities. The Kinsmen Association is now working on a revised plan and hopes to complete the project by the end of the year.

Local Dogs Win At Calgary International Show

Local dogs won several awards at the Calgary International Show, which was held in Calgary, Alberta, last week. The show was one of the largest and most prestigious dog shows in the province. It attracted thousands of visitors and featured a wide variety of dog breeds. The local dogs, which were represented by the Stettner Dog Club, won several awards, including Best of Breed and Best of Show. The club is proud of the achievements of its members and looks forward to participating in future shows.

C.G.I.T. Hold Annual Mothers' Dinner Program

The Calgary Girls' Institute of Teachers (C.G.I.T.) held its annual Mothers' Dinner program last night. The program was a social event for the mothers of the girls in the institute. It featured a delicious meal, entertainment, and a raffle. The proceeds from the raffle were used to support the institute's activities. The program was a great success and the mothers enjoyed the evening very much.

Contributions \$2997.50

The Stettner Lions have announced that they have received a total of \$2997.50 in contributions for their 1966 fund-raising campaign. The contributions were received from a wide variety of sources, including individuals, businesses, and organizations. The Lions are grateful for the support of the community and will use the funds to support their various projects and programs.

453 Horses Traded At Auction Mart Sale

Auction Mart held a sale of 453 horses last week. The sale was one of the largest and most successful in the history of the mart. It attracted a large number of buyers and resulted in a high level of interest. The horses were of various breeds and ages, and were sold at a wide range of prices. The sale was a great success for the mart and its staff.

2500 Attend Valley Legion River Regatta

A large crowd of 2500 people attended the Valley Legion River Regatta last weekend. The regatta was a popular event and featured a variety of water sports, including canoeing, rowing, and swimming. The event was a great success and the organizers are looking forward to hosting it again next year.

Dear friends,

Vacation time is a wonderful opportunity for families to draw closer together in fun and activities in the great outdoors — though it is only in the home we can find the most of these things.

Some of life's best learning experiences and fondest memories occur during the enjoyment of family activities. Make the most of them this summer.

Respectfully,

J. M. B.

WESTERN GLEANINGS

(By Bert Taylor)

All gleaners have heard that the only way to get a good crop is to have a good soil. But the fact of the matter is that the only way to get a good crop is to have a good soil. But the fact of the matter is that the only way to get a good crop is to have a good soil.

DOWN WITH DEFROSTING!

BEFORE YOU become upset over another messy defrosting job, or tackle another sticking ice tray, or pry apart packs of lead-up frozen food, or become frustrated over the lack of storage space and endless trips to the store, see the new "NO-FROST" refrigerator freezers now on display at your local appliance dealers. They're bigger, better, never frost-up and never require defrosting... ever!!
